I am Harsha a resident of Jahangir Puri. I take this opportunity to bring to your kind notice and action the insanitary and unhygienic condition of the street I live in.

This area appears to be a big garbage dumping place. There are heaps of garbage and dirt everywhere in the streets. Ditches full of dirty water are not only breeding places of mosquitoes & insects but also the source of diseases. Fowl smell & germs make even breathing miserable. Condition is so bad that is an apprehension of spread of an epidemic.

Sir, I request your good offices to move into the matter and take immediate action to save the inhabitants from this plight. please depute regular 'safai karamcharis' so maintain the sanitary conditions of this locality.

Respected Sir

I am Neha, a resident of Rajouri Garden & a regular reader of your esteemed news paper., especially the way your paper highlights public grievances to draw the attention of the authorities.concerned

Sir. Two days back the drinking water supply pipeline was damaged in the road repair work cutting the water supply to the area. We reported the matter to the Public Health Department and lodged repeated complaints. But the repair work will take some time.

Sir, I very humbly request you to take stock of the situation and arrange the supply through water tanks till the regular supply is restored. This will relieve the residents of the problem of water shortage they are facing now. Thankinking you.

Yours sincerely
